Board of Education of the City of Chicago

Updated: 01/2008

<p>Board of Education of the City of Chicago (WK# TBD-1600351v3) The rates, discounts and other provisions in this Pricing Schedule are contingent upon signature by both parties on or before March 30, 2011.</p>	<p>For AT&amp;T Administrative Use Only</p> <p>Master Agreement No. _____ Pricing Schedule No. _____ Original Effective Date: _____ Effective Date of Amendment: _____</p>
--	--

**Pricing Schedule for AT&T Business Network Service**

**1. SERVICES**

- AT&T Business Network (ABN) Service
  - Voice/Access, including LD, Local and Intrastate
  - Bandwidth Service

**2. PRICING SCHEDULE TERM AND EFFECTIVE DATES**

**2.1 Term**

Pricing Schedule Term	Term Start Date
3 years	July 1, 2011

**2.2 Effective Dates**

Effective Date of Rates and Discounts	July 1, 2011 through June 30, 2014
---------------------------------------	------------------------------------

**2.3 Term Renewal Option**

<b>Pricing Schedule Term Renewal Option</b>	Customer will have the option, following formal approval of the Board, to extend this Pricing Schedule for two (2) additional one (1) year periods (each an "Extension Term") under the same terms and conditions contained in this Pricing Agreement. If Customer determines to exercise its option to extend the Pricing Schedule and if such extension is authorized by the Board, the Parties will execute a written amendment extending the Term in good faith.
---	--

**2.4 Term Expiration**

<b>Upon Expiration of Pricing Schedule Term or of Any Extension Term</b>
--

**2.5 COMPENSATION** Pursuant to Board Report No. 10-1215-PR7 (incorporated herein by reference), the maximum compensation payable by Customer to AT&T during the three (3) year Term shall not exceed the certain sum Customer is authorized to pay AT&T by said Board Report. Notwithstanding the terms of the Board Report and notwithstanding anything to the contrary in the Master Agreement:

(A) AT&T shall not be obligated to provide Service for which compensation has not been authorized by the Board;

(B) Customer shall apply for funding for Services under the Federal Universal Service Mechanism of Schools and Libraries ("E-Rate") and the administrator of the program ("USAC"), if USAC denies funding for any Services or seeks reimbursement from AT&T of payments previously made under E-Rate for any Services because USAC deems such Services to be E-

<p>Board of Education of the City of Chicago (WK# TBD-1600351v3) The rates, discounts and other provisions in this Pricing Schedule are contingent upon signature by both parties on or before March 30, 2011.</p>	<p>For AT&amp;T Administrative Use Only</p> <p style="text-align: right;"> <b>Master Agreement No.</b> _____  <b>Pricing Schedule No.</b> _____  <b>Original Effective Date:</b> _____  <b>Effective Date of Amendment:</b> _____                 </p>
--	--

**Pricing Schedule for AT&T Business Network Service**

Rate ineligible: (i) Customer agrees to request additional funding from the Board as provided in Section (C), in an amount sufficient to compensate AT&T for the full amount of any Services provided by AT&T to Customer from the Effective Date through the later of (x) June 30<sup>th</sup> of the applicable E-Rate funding year; or (y) termination of this Pricing Schedule

(C) If funding is denied for the Services, the Chief Information Officer agrees to take the request for additional funding to the President of the Board of the Education of the City of Chicago within 10 days of the receipt of the funding denial letter. Additionally, Customer agrees to request additional funding at the next regularly scheduled meeting of the members of the Board of Education of the City of Chicago after receipt of the applicable funding denial. The parties agree that if the Board denies the request for additional funding in the amount sufficient to compensate AT&T for the full amount of any Services provided by AT&T or if the Board fails to act on the additional funding request at the next regularly scheduled Board meeting, either party may terminate this Pricing Schedule immediately upon written notice.

(D) Nothing in this paragraph shall be construed as AT&T agreeing to provide Customer Services at rates other than those included in this Pricing Schedule.

**3. MARC**

	<b>YEAR 1</b>	<b>YEAR 2</b>	<b>YEAR 3</b>
<b>MARC under this Pricing Schedule</b>	\$50,000	\$50,000	\$50,000

	<b>YEAR 4</b>	<b>YEAR 5</b>
<b>MARC for each renewal period if applicable</b>	\$50,000	\$50,000

**4. MARC-ELIGIBLE CHARGES**

#### 8. Intellectual Property; Grant of License; Limitations of License

**8.1 Scope of Licenses.** All licenses granted to Customer as part of the Service are nonexclusive, nonsublicensable, nontransferable (except in accordance with authorized assignment of Customer's Agreement) and are specifically limited to allow Customer to

- permit Registered Users to access and use the licensed Software for the purpose of initiating and attending Events in accordance with the additional Software product rights and limitations set forth here and in the related user documentation;
- reproduce the Software solely for the purpose of installing and using it in accordance with the related user documentation;
- install and use the Software on an unlimited number of Customer-provided servers in accordance with the related user documentation (if Customer has ordered a hosted Software license);
- install and use the telephony Software module(s) that permit integration of Software with Customer's telephone system in accordance with the related user documentation;
- access, download, use and reproduce the participant module for installation and use by Registered Users on any computer owned or controlled by Customer, and authorize any third parties to access, download and use such modules on any computer owned or controlled by such third parties for use only with Events initiated by Registered Users;
- make a reasonable number of copies of the related user documentation that accompanies the Software; and
- make one backup copy of the Software, as applicable, for archival or disaster recovery purposes

The rates, discounts and other provisions in this Pricing Schedule are contingent upon signature by both parties on or before March 31, 2011.

## Pricing Schedule for AT&T TeleConference Services

**8.2 Limitation of Licenses.** Unless otherwise stated in the Agreement, any license granted as part of the Service is granted solely to Customer, and not, by implication or otherwise, to any parent, subsidiary or affiliate of Customer. If the Agreement grants rights to any parent, subsidiary or affiliate of Customer, Customer shall remain responsible for compliance by such party with the terms of the Agreement and the Service Guide, including enforcing restrictions of the number of Registered Users licensed. The license granted does not authorize Customer (nor may Customer allow any third party) to: (a) copy, distribute, reproduce, use or allow third party access to the Software except as expressly authorized under Customer's agreement; (b) decompile, disassemble, reverse engineer, translate, convert or apply any procedure or process to the Software in order to ascertain, derive, and/or appropriate for any reason or purpose, the source code or source listings for the Software or any trade secret information or process contained in the Software; (c) unless approved by AT&T, modify, incorporate into or with other software, or create a derivative work of any part of the Software; (d) use, access or allow access to the Software in any manner to provide service bureau, time-sharing or other computer services to third parties; (e) disclose the results of any benchmarking of the Software, or use such results for its own competing software development activities, without the prior written consent of AT&T; (f) sell, offer to sell or otherwise provide for a fee access to previously recorded Events, or (g) attempt to circumvent any user limits or other license, timing or use restrictions that are built in to the Software. Customer is hereby notified that the Software may contain time-out devices, counter devices, and/or other devices intended to ensure the limits of a particular license will not be exceeded ("Limiting Devices"). If the Software does contain Limiting Devices, AT&T shall ensure that Customer receives any keys or other materials necessary to use the Software to the limits of Customer's license.

**8.3 Third Party Licenses.** The Service may incorporate, use, or access software not written or developed by AT&T but, instead, provided by third parties (Third Party Software). The license terms associated with any Third Party Software require that AT&T acknowledge those third parties and the license terms. AT&T shall have no liability or responsibility for the operation or performance of the Third Party Software, and shall not be liable for any damages, costs, or expenses, direct or indirect, arising out of the performance or failure to perform of the Third Party Software. Customer agrees that its use of the Service is subject to the terms of Third Party Software Notices and/or Additional Terms and Conditions which can be found at [http://www.uc.att.com/license\\_thirdparty.html](http://www.uc.att.com/license_thirdparty.html) (generally found in the "About" option in the Software). Customer agrees to the terms of any and all such licenses, including any posted changes to these terms.

**8.4 Intellectual Property Rights.** AT&T and its licensors own and will continue to own all right, title, and interest in and to the Software and Third Party Software. Customer shall not delete or in any manner alter or obscure the copyright, trademark, and other proprietary rights notices of AT&T and its licensors, which appear on the Software and Third Party Software as delivered to Customer. For the avoidance of doubt, the Software is licensed, not sold. All intellectual property and proprietary rights arising by virtue of AT&T's performance of the Service are and will be the sole and exclusive property of AT&T, and neither ownership nor title to any such property will pass to Customer. Customer shall own those copies of any reports produced and furnished to Customer by AT&T ("Reports"), and Customer is hereby granted, under AT&T's copyrights, the perpetual, non-exclusive, personal and non-transferable right to reproduce and modify Reports for Customer's own internal business purposes. For avoidance of doubt, "internal business purposes" exclude public distribution, resale to third parties and revenue generation purposes. AT&T hereby grants to Customer the non-exclusive, personal, and non-transferable right to use any item other than Reports produced and furnished to Customer by AT&T as part of the Service, solely for Customer's own internal business purposes during the time AT&T provides the Service, or for such other purpose as the parties may agree in writing.

*AT&T, Inc. and The Board of Education of the City of Chicago*

ATTACHMENTS FOR AT&T, CORP. AGREEMENT FOR E-RATE ELIGIBLE LONG DISTANCE, DEDICATED DS1 LONG DISTANCE, TELECONFERENCING, DIGITAL LINK LOCAL SERVICE AUTHORIZATION AND TOLL-FREE 800 SERVICES BEGINNING JULY 1, 2011 BY AND BETWEEN THE CHICAGO BOARD OF EDUCATION OF THE CITY OF CHICAGO ("BOARD") AND AT&T, INC ("AT&T") ("AGREEMENT")

In the event of a conflict between these exhibits and the Agreement, the terms and conditions of the Agreement will supersede and control.

Exhibit A -- Scope of Services

Exhibit B -- Service Level Agreement

Exhibit C -- District Wide Location Listing

Exhibit D -- Reservationless Teleconferencing Instructions and Touchtone Commands

**EXHIBIT A**  
**SCOPE OF SERVICES/STATEMENT OF WORK**

**SCOPE OF SERVICES**

For the purpose of intended work, this Exhibit A provides the scope of services and Statement of Work ("SOW") for Long Distance, Dedicated DS1 Long Distance, Teleconferencing, Digital Link Local Services and Toll-Free 800 Services ("Services") that AT&T will provide to the Board that are eligible for discounts per the E-Rate guidelines as defined by the SLD/USAC.

Long Distance Communication Services to the Board consist of:

- Long distance, teleconferencing, and toll-free 800 services for the existing voice network to approximately 20,000 lines. It is estimated that long distance services will increase slightly each year during the term of the Agreement.
- Dedicated access circuits to support long distance telephone service and optional local digital services for the Board's Central Office location. Contract Tariff applies to access and connections, multiplexing office functions as well as local channel services and access coordination.
- Bandwidth-on-demand services such as switched digital or dial-up.

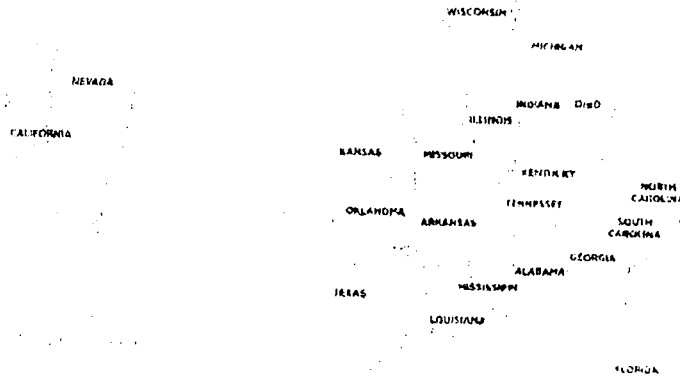

All locations listed in Exhibit G, except the Board's central office at 125 South Clark, currently utilize Long Distance Services on a switched access basis. The Board's central office utilizes dedicated access circuits. AT&T will:

**LONG DISTANCE SERVICES**

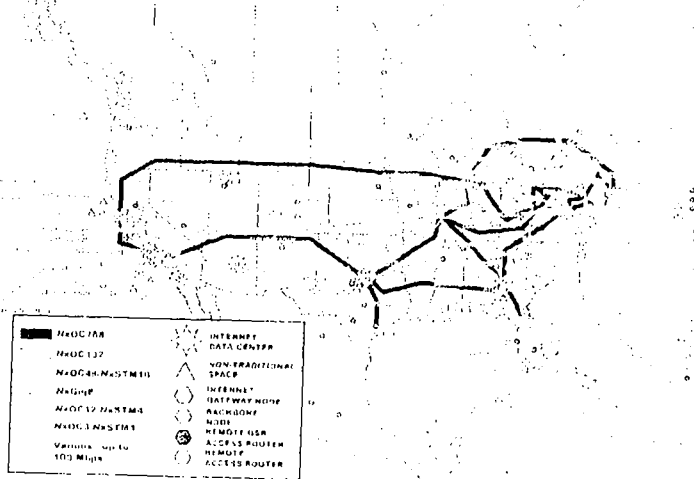

1. Utilize the AT&T Business Network (ABN) to meet the Board's domestic outbound long distance services. ABN offers one calling plan for both domestic and international services, including Outbound Switched, Outbound Dedicated, Inbound Switched (toll-free), Inbound Dedicated (toll-free) and Inbound Advanced.
2. Configure ABN to include the following:
  - Direct Dial -- all domestic (U.S.) outbound as well as international outbound and toll calls within the United States,
  - Toll-Free to include inbound domestic and international calls.
  - International to include toll-free calls originating in the United States and calls originating in foreign locations but terminating in the United States.
3. Ensure that basic long distance features will include:
  - Simultaneous, two-way communications,
  - Premises-to-premises, end-to-end or station-to-station calling,
  - Availability to all classes of customer,
  - Operator assistance and direct-dial calling,
  - Support from the AT&T Worldwide Network.
4. Provide local access to long distance services via multiple platforms including AT&T lines and trunks, DS1 digital facilities and ISDN PRI circuits.
5. Provide traffic handling via AT&T's large and reliable long distance network. AT&T's network carries over 260 billion minutes of use annually-approximately 20-25 billion minutes per month.
6. Allow the Board to easily make alterations to their services utilizing business direct prior to and after implementation. The Board may also engage their local account manager to assist with change requests.
7. Work with the Board to establish mutually agreed upon maximum lead times to complete additions, deletions and or changes to long distance services.

# AT&T, Inc. and The Board of Education of the City of Chicago

8. Provide long distance coverage on the AT&T Global Network (see diagram below).

## AT&T Global IP Network - North America

9. Provide long distance service for all locations listed in \_\_\_\_\_ by using the Board's existing local service to access an outside line to dial "1" then the long number. All lines designated by CPS will have this feature at no cost other than the usage for this feature on their switched services.
10. Provide long distance service for the Board's headquarters (125 South Clark) by using the ISDN PRI service from the local provider or by using one of the two DS1's that are currently in service.
11. Ensure that the Board has the ability to add dedicated facilities (as required) throughout the duration of the Agreement.

**AT&T, Inc. and The Board of Education of the City of Chicago**

12. Provide the following long distance features to the Board (see chart):

- View inventory of AT&T Business Network services used by the Board
  - View billing hierarchy
  - View and update hierarchy descriptions
  - View and update document management options (bill media, delivery, etc.)
14. Provide options for Online Billing (AT&T Business Direct) which allows the Board to:
- View copies of signed Board/AT&T contracts and service agreements.
  - View current bill or the previous three months' bills online.
  - Submit online billing inquiries, report a suspected billing error or request a billing adjustment.
  - Pay bills electronically either by credit card (MasterCard or Visa) or by electronic funds transfer (EFT).
15. Apply the following billing increments for domestic and international long distance dialing:

ABN Call Timing –Rate Table	Initial Period	Additional Period
ABN-DLD: Domestic Long Distance, interstate	30 seconds	1 second
ABN-IOB: International Outbound	30 seconds	1 second
ABN-IOB-MT: International Outbound, Mobile Termination	30 seconds	1 second
ABN-IOB-AD: International Outbound, AT&T Direct	30 seconds	6 seconds
ABN-ITF: International Toll Free	30 seconds	1 second
ANB-ITF-AD: International Toll Free, AT&T Direct	30 seconds	1 second

16. Offer direct dial international Long Distance service to the following countries:

Afghanistan	Albania	Algeria
Andorra	Angola	Anguilla
Antarctica (Casey)	Antarctica (Scott)	Antigua and Barbuda
Argentina	Armenia	Aruba
Ascension Island	Australia	Austria
Azerbaijan	Bahamas	Bahrain

17. Offer AT&T Directory Assistance, to allows callers to obtain telephone numbers for locations in the United States as well as in Canada, and certain Caribbean locations at the following rates:

Directory Assistance Charges	
All state-to-state and AT&T DIRECT <sup>®</sup> Service calls to Interstate Directory Assistance.	\$2.49
All calls from the US to International Directory Assistance in certain Caribbean locations (Anguilla, Antigua/Barbuda, Bahamas, Barbados, Bermuda, British Virgin Islands, Cayman Islands, Dominica, Dominican Republic, Grenada, Jamaica, Montserrat, St Kitts/Nevis, St Lucia, St Vincent/Grenadines, Trinidad/Tobago, and Turks/Caicos Islands).	\$2.49

## AT&T, Inc. and The Board of Education of the City of Chicago

All calls from the US to International Directory Assistance in Canada, and all non- AT&T DIRECT® Service calls from Canada to the US billed to a calling card.	\$2.49
--	--------

18. Allow the Board to block any of the following Operator Assisted calls:
  - Collect Calls
  - Billed To Third Party Calls
  - Person-to-Person Calls
  - Operator Dialed Direct Calls
  - Real Time Rated Calls
19. Provide toll-free domestic service from anywhere in all 50 states, Canada, Puerto Rico and the U.S. Virgin Islands with just one number. International calling options are available by contacting the Account Executive.
20. Work cooperatively with the Board to provide toll free and advanced routing services when the need arises.
21. Provide the Business Direct tool "Analyze Voice Network Data" which can be used to generate traffic studies on the Board's dedicated inbound and outbound domestic long distance voice trunk groups.
22. Offer the following conference (audio, web and video) services through AT&T Connect:
  - Reservation-less conferencing for up to 125 participants
  - Scheduled (reserved) conferencing for up to 200 participants
  - Executive Conferences for high profile, large-scale conferences. Executive Conferences offer enhanced features such as moderator-assisted question and answer sessions, voting and polling, communications line, sub conferencing, participant screening, and participant list.
23. Agree that no minimum annual commitment (MAC) is required for conference services.
24. Offer Internet-based resources (My AT&T and Internet Reservation System (IRES)) to manage existing reservation-less accounts, schedule new reservations and generate various historical reports.
25. Provide Customer Support Specialist (CSS) services to support the Board's conferencing needs.
26. Provide maintenance support capabilities 24 hours a day, 365/366 days per year.
27. Utilize a dedicated account manager for all ordering options for switched and/or dedicated services. The Board will also have access to the AT&T Business Direct platform for ordering options.
28. Deactivate service with a request through Business Direct. The request will be processed and the Board will be updated with an email confirmation throughout the request life cycle. There will be no charge to deactivate current service if either the Minimum Annual Commitment (MARC) for the last contract year is satisfied or deactivation is coordinated to the current contract expiration date.
29. Provide NetPROTECT Services at no charge to the Board to monitor and curtail toll fraud. NetPROTECT provides around-the-clock monitoring of AT&T Domestic800 Service and direct dialed international traffic to the top 30 toll fraud countries. Key elements of the fraud monitoring capabilities include all "0-," "0+," and "1+," as well as toll-free (800, 888, 877, 866, 8XX, etc.) traffic that passes through the local switched network.
30. Handle billing disputes that are initiated using Business Direct or escalated to the dedicated account manager. All disputes will be assigned a tracking number and the Board will be emailed with updates throughout the resolution process.
31. Acknowledge and has provided sufficient proof of working capital to be able to fund and maintain the rendering of services and products under the contract while waiting for USAC to provide payment.
32. Adhere to a formal process of Change Management for this SOW. The SOW Change Management Process must clearly document the requested change. The SOW Change Management Process consists of the following:
  - a) Any proposed change will be validated by both parties to determine if it is in the current scope of the SOW. If it is within the current scope of the SOW, this decision will be carefully documented. All change orders shall be in writing. The change order shall contain a detailed description of the change in services or corresponding prices or other changes that are within the current scope of the SOW. The approved change order shall be signed by authorized representatives of the parties and dated. After the change order has been signed by authorized representatives of both parties, the

approved change will be implemented. This will be originated by a new task being appended to the SOW

- b) Minor changes that do not change requirements and do not affect delivery dates, price, or performance need not follow the SOW Change Management Process. It is the responsibility of the Board to coordinate, review, and document changes with AT&T.
- c) All material revisions to this SOW and Exhibit B (Pricing Schedule) shall require a written amendment to the Agreement, subject to prior approval by the Members of the Board as evidenced by a Board report. For purposes of this Agreement, "material revisions" means (i) increasing the costs of the SOW beyond the maximum compensation amount approved by the Board as described in the authorizing Board report; (ii) substantial reduction of the scopes of services; (iii) expanding the scope of services beyond the authorized scope of services as described in this SOW and the authorizing Board report; (iv) extending the time for performance of Long Distance Services beyond the time period approved by the Board. Any changes or modifications to the terms and conditions of this SOW or the other exhibits require a written amendment to the Agreement, subject to prior approval by the Members of the Board as evidenced by a Board report.

## **Exhibit B: Service Level Agreement**

This SLA provides a means for establishing service delivery expectations between AT&T and the Board. The SLA is a guide for establishing sound business relations between both parties and serves as a basis for the development of specific processes, procedures, workflows and performance measures of AT&T's Long Distance and Conferencing Services. AT&T and the Board each commit to contribute the resources and materials necessary to affect changes in the design or configuration of the production environment and/or related processes, procedures and workflows necessary to meet these SLA guidelines.

### Service Availability

The performance objective for the toll-free service availability SLA is a toll-free service percentage of 99.9%.

Service availability SLA covers the following:

- Toll-free calling capability using dedicated access
- Toll-free calling capability using switched access

Service is considered interrupted if calls do not complete or if noise on the line or transmission interruptions interfere with the call. In the event of an interruption affecting a covered service component, AT&T will route calls to the affected toll-free number to one of the following alternate destinations, for the duration of the interruption:

- To an AT&T announcement at no charge to the Board;
- To an alternate temporary AT&T toll-free terminating arrangement (using switched access). Non-recurring, recurring and usage charges for the alternate terminating arrangement will not be charged to the Board for a period not to exceed fourteen (14) days unless the interruption is due to the failure or deficiency of power, equipment, systems or services not provided by AT&T, in which case the charges will apply. Charges for associated AT&T toll-free Advanced Features are not waived.
- An alternate AT&T toll-free service (using switched or dedicated access) to which the Board already subscribes. The Board is responsible for the charges associated with calls to such alternate service but a credit will be applied to the bill for the alternate service equal to the number of days the covered service component was interrupted (not to exceed fourteen days) times the daily average usage charges for the month in which the interruption occurred. No credit will be applied if the interruption is due to the failure or deficiency of power, equipment, systems or services not provided by AT&T.

If the originating routing arrangement is not restored within fourteen (14) days, the alternate terminating arrangement will be established as a permanent terminating arrangement for that toll-free number and billing will resume at the rates in the Board's Agreement.

In addition, AT&T will provide a credit equal to the usage charge for the applicable call, for each individual voice call that is interrupted, provided the Board advises AT&T of the type of service, the trouble experienced, the called number and the time the call was placed.

### Re-Route Guaranteed Response Times

- Switched Access: Five (5) minutes per toll-free number from the time AT&T confirms that the options described under Service Availability are available to the Board;
- Dedicated Access with Pre-Planned Service Assurance and Preferred Alternate Routing Options: Five (5) minutes per toll-free number from the time the Board contacts the AT&T repair center to report the interruption and request activation of the Pre-Planned Service Assurance.

If AT&T fails to reroute calls in accordance with the toll-free service availability performance objective within the Guaranteed Response Time, AT&T will provide a credit equal to one month's monthly recurring charge for the interrupted service component.

## ***AT&T, Inc. and The Board of Education of the City of Chicago***

### Major Outage

The definition of a major outage is "an existing network is down or there is a critical impact to the Board's business operations". The guaranteed response time for repair is within four (4) hours.

### Network Monitoring

AT&T actively monitors all long distance network components and circuits 24\*7\*365/366.

### Long Distance Toll-Free Services On-Time Provisioning

The performance objective for on-time provisioning is for AT&T to complete the installation of a covered service component by the mutually agreed upon due date. If AT&T does not meet this performance objective, the Board may elect one of the following remedies:

- Receive a waiver of the installation charges for the covered service component;
- Have calls to the affected toll-free number routed to one of the following alternate destinations until the cover service component is available:
  - An AT&T announcement at no charge to the Board
  - An alternate temporary AT&T toll-free terminating arrangement (using switched access). The non-recurring, recurring and usage charges for the alternate terminating arrangement will not be charged to the Board; however, charges for associated AT&T toll-free Advanced Features are not waived.
  - An alternate AT&T toll-free service (using switched or dedicated access) to which the Board already subscribes. After the covered service component is installed, a credit will be applied to the bill for the alternate service equal to the number of days the installation of the covered service component was delayed beyond the Due Date, time the daily average usage charges for the first full month of service for the covered service component.

Toll-free on-time provisioning SLA covers the following:

- Toll-free call capability using dedicated access
- T1 access channel ordered for use with toll-free calling capability using dedicated access
- Toll-free calling capability using switched access
- Toll-free advanced features

The toll-free on-time provisioning SLA does not apply with respect to toll-free calling capabilities for calls originating in countries other than the United States or Canada

## Trouble Reporting and Problem Escalation

The two left columns identify the first point of contact for daily order placement and maintenance of services. The third section identifies the Service Management and the far right column identifies the Sales Team. For the most immediate response, any escalations should be placed with the manager most directly involved with the process. The Service Manager may be included at any stage at your discretion.

## ***AT&T, Inc. and The Board of Education of the City of Chicago***

### SLA Exceptions

AT&T is not responsible for failure to meet an SLA resulting from:

- Interruptions caused by the Board;
- The failure or deficient performance of power, equipment, services or systems not provided by AT&T;
- The negligent or intentional conduct of the Board;
- Service interruptions, degradations, deficiencies or delays due to access lines or Board equipment whether provided by AT&T or others (except as specifically provided in a particular SLA);
- Service interruptions, degradations, deficiencies or delays during any period in which AT&T or its agents are not afforded access to the premises where access lines associated with the services are terminated;
- Service interruptions, degradations, deficiencies or delays during any period when a service component is removed from service for maintenance, rearrangement purposes or for the implementation of a Board order;
- Board's election not to release a service component for testing and/or repair and continued use of the service component;
- Force Majeure conditions;
- Non-completion of calls due to network busy conditions.

In addition, toll-free SLAs do not apply under the following scenarios:

- If the Board is entitled to other available credits, compensation or remedies for the same service interruption, degradation, deficiency or delay;
- For service interruptions, degradations, deficiencies or delays not reported by the Board to AT&T;
- Where the Board reports a failure to meet an SLA and upon investigation AT&T does not find any failure.

## Exhibit D: Reservationless Teleconferencing User Instructions & Touchtone Commands

AT&T Reservationless Teleconferencing provides designated Board users the ease of having a conference call anytime of the day or night without ever having to make a reservation!

### User Instructions

- When you are ready to make a conference call, just notify your participants of the dial-in number, participant access code, date and time of the conference call.
- If a participant calls in before you, he/she will hear music until you, the host, join the call.
- Dial into your Reservationless bridge telephone number; enter access code and the # sign. Then enter a \* and you will be prompted to enter the host password followed by the # sign.
- For security measures, the conference call starts when you join the call and ends when you leave the call unless special features have been employed.

### **Reservationless Touchtone Commands – Host**

<b>Command</b>	<b>Feature/Capability</b>
*#	List of Conference Call Commands
#	Exit List of Menu Commands
